

Removing the “Fear of Fees” From your clients

Even your best client might currently be one of the 77% of business owners losing sleep over how future bills, payroll and taxes will be funded. They need your help. Unfortunately, too many businesses don't seek help until it's too late. Research shows they delay getting advice due to the fear a BIG bill - often when they can least afford it.

The Good News

Since your firm is registered to offer smartAR Fee Funding you can actively help to remove that fear.

The brochure attached will help you explain how smartAR Fee Funding makes your advice even more affordable.

A customised and branded digital version is also available for attachment to e-invoices or emails. Please contact customerservice@smartar.com to request one of these.

As for the chocolate, we truly think you deserve a 5 min break for doing a tough job incredibly well during all the COVID-19 disruptions!

Enjoy!
smartAR Customer Service Team

Options to use this brochure include:

- A copy in all hard mail/posted invoices and statements
- Display in reception (yes – clients actually read them)
- Attach to completed financials or your schedule of services.
